## Book 2 - Earth Invaded by Evil

Welcome back to The King & His Son series.  
Book 2—Earth Invaded by Evil opens into a perfect world.

But something is about to go terribly wrong, something which will change human life forever, cascading like a poisoned waterfall right down to our very time, into your very life today.

But all is not lost, as the greatest rescue mission in the history of the universe is set in motion!

Join us, Chapter by Chapter as we traverse human history with our host, This Man (for we do not know his name).
